

Unit 3 – Section 4: Influences on Business Decisions

Mixed Topic Practice Questions

4-Mark Questions

1. Define corporate culture.
2. Define the term stakeholder.
3. Explain one feature of a task culture.
4. Explain one potential conflict between shareholders and employees.
5. Define corporate social responsibility (CSR).
6. Explain one benefit of ethical behaviour to a business.
7. Explain one drawback of having a weak corporate culture.

8-Mark Assess Questions

8. Assess the importance of having a strong corporate culture for multinational firms such as Google.
9. Assess whether stakeholder engagement always leads to better business decisions.
10. Assess the potential costs and benefits of implementing CSR policies in a business like Starbucks.
11. Assess the impact of leadership style on the strength of a business's corporate culture.
12. Assess the usefulness of stakeholder mapping when resolving conflicts of interest.

12-Mark Discuss Questions

13. Discuss whether a strong corporate culture is essential for long-term success.
14. Discuss the extent to which shareholders and stakeholders can have aligned objectives.
15. Discuss whether ethical behaviour can ever be truly profitable for a business.
16. Discuss whether CSR should be a voluntary or mandatory business practice.
17. Discuss the impact of culture on employee motivation and productivity.

20-Mark Evaluate Questions

18. Evaluate whether a strong corporate culture always improves business performance.
19. Evaluate the extent to which stakeholder interests should take priority over shareholder returns.
20. Evaluate whether CSR enhances or limits competitiveness in international markets.
21. Evaluate whether profit maximisation and ethical behaviour can coexist in modern business.
22. Evaluate the extent to which corporate culture influences long-term strategic success.

Student Reflection & Self-Review

After completing each question:

- Identify the theory or model applied (e.g., Handy's culture, stakeholder mapping, Carroll's CSR pyramid).
- Check that each point includes context and a developed chain of reasoning.
- Include evaluation language ("depends on", "short-term vs long-term", "stakeholder perspective").
- Write a balanced conclusion for all 12- and 20-mark responses.
